

Mobile Mammography Van for Breast Cancer Screenings Is Coming Your Way

The custom-designed 40-foot van offers state-of-the-art 3D digital mammograms.

Screenings are performed by NYS-registered radiologic technologists with advanced training in mammography. The van has a comfortable waiting area, private dressing room and a complete exam room. Stony Brook Medicine's Department of Radiology is accredited by the American College of Radiology and the U.S. Food and Drug Administration. Mammography images are read by board-certified radiologists at Stony Brook.
